*The Council only negotiated a total degree goal with AIKCU for the sector as a whole. Goals for post-baccalaureate and graduate certificates were not established because they represent such a small proportion of total degrees awarded.
Source: CPE Comprehensive Database

Rationale for goal

The total goal of 2,251 degrees awarded to racial-ethnic minorities was established based on negotiations with public universities and AIKCU, historical trends, cohort data, and institutional programs and strategies available.

About this measure

This indicator measures the total number of degrees and credentials awarded to racial-ethnic minorities by public and AIKCU institutions in an academic year (July 1 through June 30). Increasing these credentials narrows achievement gaps among racial-ethnic groups and increases access to postsecondary education. Racial-ethnic categories include African American, Hispanic, Asian/Pacific Islander, and American Indian/Alaskan Native.
